

Action RPG Counters - Free Set: Heroes, Villains and More.

Thank you for downloading *Action RPG Counters - Free Set: Heroes, Villains and More*. In order to get the best results when printing your counters, it is recommended that you use a color, photo-quality printer and glossy, heavy weight photo paper (8 ½ x 11 inches and .10 mil thickness or greater) with borderless printing to achieve the proper sizing. Markings or counter identifiers can be placed on the back of the counter. This is done intentionally to leave you the best looking graphic in the available space.

Please see our other exciting hero counter sets exclusively at www.rpgnow.com and www.drivethrurpg.com.

Be on the lookout for more exciting sets in all rpg genres!
